

XLE-300

FULLY AUTOMATIC MULTI-FUNCTION LABELING MACHINE

XLE-300 Fully Automated Labeling System for Square Bottles. The **XLE-300** is a fully automated labeling system engineered to deliver accurate, consistent, and high-speed labeling for square bottles. Designed for modern manufacturing environments, it ensures maximum productivity, stable operation, and premium labeling quality.

SQUARE BOTTLES

The XLE-300 is the perfect solution for manufacturers seeking a reliable, efficient, and professional labeling system for square bottle packaging.

TECHNICAL SPECIFICATIONS

Specification	Description
Machine Name	Fully Automatic Multi-Function Labeling Machine
Power	500W
Voltage	AC 220V / 110V, 50/60Hz (Customizable)
Label Size	Length: 20–130 mm / Width: 20–300 mm
Film Roll Inner Diameter	76 mm
Film Roll Outer Diameter	300 mm
Standard Conveyor Width	101 mm
Labeling Speed	10–25 pcs/min
Labeling Accuracy	±1%
Machine Dimensions	2000 × 1200 × 1500 mm
Machine Weight	200 kg
