AUTOMATIC LABEL STRIPPING MACHINE

Automatic Label Stripping
Machine for Food, Pharma &
SME

Product Overview

The Automatic Label Stripping Machine is designed to automatically peel pressure-sensitive labels from the liner and present them ready for manual application. This machine improves labeling efficiency, reduces labor cost, and ensures clean, wrinkle-free label dispensing. It is ideal for small to medium production lines, warehouses, packaging stations, and quality control areas.

Key Features

- Automatic label peeling and dispensing
- Adjustable speed and label length control
- Built-in counter for accurate label quantity tracking
- Sensor-controlled operation for precise label separation
- Compact design, easy to operate and maintain
- Clean and damage-free label output

Item	Specification
Power Supply	220V / 110V, 50/60Hz
Counting Function	0 – 999,999 labels
Dispensing Speed	1 – 8 m/min (\approx 1 label per 3 seconds, depending on size)
Applicable Label Length	10 – 150 mm
Applicable Label Width	5 – 140 mm
Core Inner Diameter	25 – 75 mm
Max Label Roll Outer Diameter	\leq 250 mm
Machine Dimensions	210(L) \times 210(W) \times 220(H) mm
Net Weight	Approx. 3.8 kg
